The period during which the concession of conveying fodder at reduced rates was allowed by the M.S.R. Railway expires on the 15th inst. In view of the fact that although there has been some improvement as regards fodder in the affected tracts, the Agril + Forest Dept. have yet left a large quantity of straw & hay with them the continuance of the concession for a further period seems to be necessary: otherwise the <sup>ordinary</sup> rate of freight, if charged, would make the straw & hay dearer.
